

Options for Potential Redevelopment Area

These maps are a tool for the PLG to discuss suitable location options for new development in the park. The orange highlighted areas represent different scenarios of potential redevelopment areas. Redevelopment areas could include rearranging current features and/or adding new features. Areas not highlighted are areas that could be enhanced but otherwise would largely remain as is.

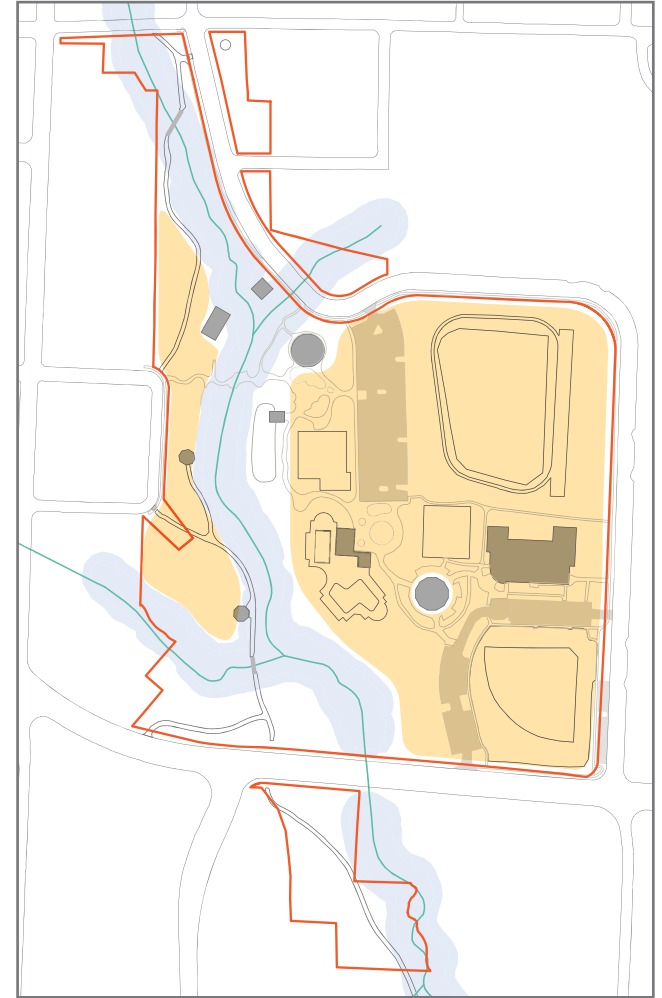

Minimal

Keep as much of the current features as possible.

Medium

Maintain a balance of historic, current and new.

Maximum

Retain only historic features.
